

Sick Women are Invited to Consult Doctor Pierce by Letter Free

Free medical advice is offered by many who are not qualified to practice medicine, and whose "medical" advice is therefore worse than worthless, because it is dangerous. Dr. Pierce's offer of free consultation by letter is not to be confounded with spurious offers of free medical advice. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his medical staff of nearly a score of physicians, Dr. R. V. Pierce has in a little more than thirty years treated and cured hundreds of thousands of weak and sick women.

The most sensitive can address Dr. Pierce in perfect freedom. All letters are held as strictly private, and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with weak and sick women at the Invalids' Hotel and Surgical Institute. Address Dr. R. V. Pierce, Buffalo, N. Y.

"About four months ago I wrote to you for advice, and you very kindly advised me what to take," writes Mrs. Ida May Chandler, of Sandusky, Ind. "I did as you directed. At the time I was hardly able to be up at all, and what I suffered for four years God alone knows. I was nothing but a walking skeleton, but now I feel like a new woman. I would have written before but was waiting to see how I would get along. Dear Doctor, I am so thankful to you and to God for your 'Favorite Prescription' and for the fatherly letter you wrote me. Had it not been for you I would have been in my grave to-day, but, instead, am on the road to recovery. Maybe this will influence some other poor suffering woman to come to you for advice."

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sometimes a dealer will offer a substitute for "Favorite Prescription" as "just as good." Judged by its record of cures of womanly ills, there is no other medicine just as good as "Favorite Prescription."

It is hardly surprising that Norway, the mother of the Vikings, should imagine she can paddle her own canoe.

It is its proximity to the Kaiser not to the Czar which put the Hague out of the running as a place to hold a peace conference.

Grover Cleveland can never hope to carry those States which have adopted female suffrage even should he decide to run again.

The newspaper talk of war between Germany and France, most of which emanates from Paris, is all strongly suggestive of a French duel.

Nothing has been heard from United States Chemist Wiley since he started to investigate Limburger cheese. His friends hope it is not a case of asphyxiation.

Dancing masters have renounced the title of "professor." Gentlemen who play the piano, train monkeys and sell shoe-blackening on the street corners may now enjoy a monopoly of the title.

Two young women who appeared on the streets of Pittsburg, Pa., wearing old fashion hoop-skirts were mobbed. Pittsburg may not be long on gallantry, but it is possessed of a fair amount of common sense.

It is to be hoped that one of the reforms which may grow out of the committee which the president has appointed to investigate the business methods of the federal departments will be a single purchasing division which shall be charged with the duty of buying all government supplies. Such a division under the supervision of a competent head would save the government millions of dollars every year. Recent investigations conducted by newspaper men show that some departments of the government pay double as much for the same supplies as is paid for others. Moreover the purchase of supplies in larger quantities would enable the sellers to make lower rates than they can where they are compelled to engage in a dozen transactions for the disposal of an equal amount of merchandise.

The attendance at the Lewis and Clark Exposition at Portland is markedly good. From the very first day the average was above 10,000, and on some days there have been 20,000 people present. If this average keeps up throughout the season the Exposition cannot fail to be a financial success; but the chances are that the admission will increase rapidly as the Fair goes on.

President Castro has suggested the possibility of his coming to the United States to settle the asphalt controversy. Let him come and have a heart to heart talk with our strenuous President. The Anglo-Spanish translator will have a hot time.

It is worth considerable to any citizen of Jefferson to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itching of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Mrs. G. W. Grubbs, living on R. F. D. No. 2, five miles north of Jefferson, Texas, says: "Some time ago I was greatly troubled with a skin eruption which broke out on my feet. I tried everything I knew of to cure it but nothing did me the least good. Happening to read an advertisement about Doan's Ointment I concluded to try it and got three boxes at J. F. Crow Drug Co.'s store. After the first few applications I found it was doing me good, so continued the treatment with the result that the trouble disappeared. There has never been any return of it since."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The gravest defect in the jurisprudence of this country as administered; is the lack of personal responsibility of the officials of large corporations. The expression, "corporations have no souls" has almost come to mean that "corporations have no responsibility" and to this fact is largely due the grave violations of law which in some instances have become so general as to cause well defined statutes to become "dead letters." For instance, a powerful railway flagrantly defies the law by granting rebates. Finally the officers of the government discovers the violation and there follows—not a prosecution of the officers of the road—but a suit for an injunction to compel the railroad to obey the law. In the course of time the road is again caught violating the injunction and with great show of righteousness the department of justice commences a prosecution, the outcome of which is a fine imposed upon the railroad. The railroad does not seriously object. The fine probably represents but a small part of the profits which have resulted from the illegal transaction and is charged up to profit and loss, causing a diminution of dividends which when spread over the entire stock issue, becomes infinitesimal. No disgrace attaches to the officers of the road because of the detection of illegal procedure. They carry their heads as high as ever and continue to be described as "among our most prominent citizens. In England, it is the officers of the railroad who would be fined might even go to jail. The courts there would hold that even if no over act on the part of the officials could be proven to be the direct cause of the violation of law, such officials could not escape the responsibility for the acts of their subordinates and must be held accountable for not seeing that the law was not observed. It is to be hoped that the president can be brought to realize this weakness in the present system of the administration of the law and that he will insist that the department of justice prosecute the officials of every railroad and every trust found to have violated the law prosecute them for neglect of duty even if it cannot be shown that they instigated such violation.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. 75c. Take Hall's Family Pills for constipation.

Strawberry or raspberry punch is very delicious. Squeeze the juice from the berries, and pour two cupfuls of this upon a cupful of granulated sugar. When the sugar is dissolved, add the juice of a lemon and a quart of iced water. Have it very cold before serving, and strew the top with a handful of the whole berries.—Woman's Home Companion for July.

Advices were received here Saturday that 150 cars of potatoes were received in Chicago that day. The lateness of the Southern crop, coupled with the bad condition of the potato, and the tremendous Northern crop has sent the price of potatoes to the bottom. Some were sold in Pittsburg at five cents a bushel.—Pittsburg Gazette.

You folks who are chasing your money off four full quarts, have you much idea what you are getting for your money? Listen to what a liquor dealer himself says: "Every day in the year there is a new distillery built on paper. A man with a hundred dollars or two buys three or four barrels of whiskey, makes ten or fifteen barrels of it, and goes into the mail order business, representing himself to the public as a distiller." "All is not gold that glitters," nor is everything whiskey that burns your throat or makes you foolish.—Bridgeport Index.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure, for Throat and Lung Troubles. At all Druggists; price 50c and \$1.00, guaranteed. Trial bottle free.
